Re: PCB Treatment, Inc. Sites

Dear Ms. France-Isetts:

This letter constitutes the response of Boeing North American, Inc. to the information request contained in the October 31, 1997 letter to Rockwell International's Columbus, Ohio office from Michael J. Sanderson regarding the PCB Treatment, Inc. sites in Kansas City, Kansas and Kansas City, Missouri. Rockwell International tendered this letter to Boeing North American, Inc. in early November 1998. On December 1, 1998, Belinda Holmes, Senior Assistant Regional Counsel with EPA Region VII, granted Boeing North American, Inc. a sixty (60) day extension in which to respond to the information request.

Attached hereto are Boeing North American, Inc.'s responses to each of the questions contained in the information request. The responses herein are made under compulsion of the referenced letter, and are not to be construed as admissions of fact or concessions of law by Boeing North American, Inc., or any of its officers, agents or employees. Without limiting the generality of the foregoing, we specifically do not by these responses concede that any materials from Boeing North American, Inc. that may have been sent by intermediaries that subsequently may have arranged for the disposal by incineration of the materials at the PCB Treatment Inc. sites constitute hazardous waste or hazardous substances, that there has been such a release or threatened release of any such substances from the facilities, or that any such substances have caused, are causing, or will cause any threat to public health or the environment, an imminent hazard, or the incurrence of necessary response costs.

Please direct all further correspondence or inquiries regarding this matter to the undersigned.

Very truly yours,

A handwritten signature in dark ink, appearing to read 'Kathleen H. Wong', written over a horizontal line.

Kathleen H. Wong
Counsel

Attachment

Items numbered 1 through 17 below constitute Boeing North American, Inc.'s (BNA) responses to EPA's Request for Information regarding the PCB Treatment, Inc. Superfund Site located in Kansas City, Kansas and Kansas City, Missouri. The numbers in the left hand margin correspond to those used by EPA in its letter dated October 31, 1997.

1. The persons answering these questions on behalf of BNA are:

Kathleen Wong
Counsel
The Boeing Company
2201 Seal Beach Blvd.
Seal Beach, CA 90740
(562) 797-1062

Denise Garcia
Paralegal
The Boeing Company
2201 Seal Beach Blvd.
Seal Beach, CA 90740
(562) 797-5925

2. All future correspondence regarding this matter should be directed to:

Kathleen Wong
Counsel
The Boeing Company
2201 Seal Beach Blvd.
Seal Beach, CA 90740 (562) 797-1062

3. The following person was consulted in the preparation of this answer:

Suzanne Quist
Environmental Engineer
Boeing North American, Inc.
2825 E. Avenue P
Palmdale, CA 93550-2108 (805) 575-1570

4. Between 1982 and 1987, Respondent Boeing North American, Inc. was known as Rockwell International Corporation

5. The following persons may have knowledge, information or documents about the generation, use, purchase, treatment, storage, disposal or other handling of materials, equipment or items at, or transportation of materials, equipment or items to the Sites:

George Moore
Former employee—last position—Sr. Maintenance Engineer
Last known address: 4150 Wright Avenue
Columbus Ohio 43213

Dale Gibson
Former employee; last position—Manager of Plant Maintenance
Location unknown

Henry Rawski
Retired employee; last position--Director of Facilities
Last known address: 437 Wiggins Lake Ct. #201
Naples, FL 34110

Joseph J. Ruggles
Retired employee; last position--Manager of Facilities
Last know address: 884 Lookout Point Drive
Columbus, Ohio 43235

Michael Zwyer
Former employee; last position--Environmental Engineer
Last known address: 10065 Lithopolis Road NW
Canal Winchester, OH 43110

6. In response to a Freedom of Information Act request by Respondent, U.S. EPA Region VII provided Respondent with copies of documents provided by High Voltage Maintenance Corporation in its response to EPA's information request.

Respondent was involved in the following arrangements for the transportation of materials, equipment or items taken to the Sites: Respondent entered into an agreement dated September 10, 1984, with High Voltage Maintenance Corporation, 5100 Energy Drive, Dayton, Ohio 45414, for the transportation of certain materials from Respondent's Columbus, Ohio facility to a U.S. EPA approved and permitted disposal site. High Voltage Corporation prepared a work order, dated October 21, 1984, for the pick up and proper disposal of materials from Respondent's Columbus facility. On November 6, 1984, High Voltage Maintenance Corporation picked up materials from Respondent's Columbus plant and transported these materials under a Uniform Hazardous Waste Manifest to the High Voltage facility at 5100 Energy Drive, Dayton, Ohio, listed on the Manifest as the designated facility. Certification of receipt of the materials was provided on November 7, 1984 by Warren G. Bolton. Respondent received an invoice dated November 20, 1984 in the amount of \$6,290.00 from High Voltage Maintenance Corporation for this work.

7. Respondent made no arrangements with any persons for the storage, treatment, or disposal of materials or items at the Sites.
8. No documents responsive to this request were found.
9. No documents responsive to this request were found.
10. No information responsive to this request was found.
11. No information responsive to this request was found.
12. No information responsive to this request was found.
13. Respondent made arrangements with High Voltage Maintenance Corporation to transport certain materials for disposal at a U.S. EPA approved and permitted facility. (See response

to Question No. 6). High Voltage Maintenance Corporation took Respondent's materials to its Dayton, Ohio facility on November 6, 1984, which was listed on the Uniform Hazardous Waste Manifest as the designated facility. On January 18, 1985, High Voltage Maintenance Corporation listed itself on Uniform Hazardous Waste Manifest No. 1752A as the generator of certain materials to be transported by PCB Inc. of Missouri to the PCB Inc. of Missouri facility at 2100 Wyandotte, Kansas City, Missouri 64108. A document entitled "DS SHIPPED ON 1/18/95" listed Rockwell International (as Respondent was then known) as a "source" of some of the materials shipped on Manifest No. 1752.

a. through f. See the attached agreement, work order, invoice, manifests and document entitled "DS SHIPPED on 1/18/95."

g. No information responsive to this request was found.

h. No documents responsive to this request were found.

i. See response to Question No. 13, above.

j. PCB, Inc. of Missouri provided a Certification of Destruction stating that it destroyed waste received from High Voltage Maintenance Corporation as identified in Hazardous Waste Manifest No. 1752 and was certifying such destruction as of March 11, 1985. The generator of the waste was identified as High Voltage Maintenance Corporation, 5100 Energy Drive, Dayton, OH 45414.

k. High Voltage Maintenance Corporation
5100 Energy Drive
Dayton, Ohio 45414
(513) 278-0811

PCB, Inc. of Missouri
2100 Wyandotte Avenue
Kansas City, Missouri 64108
(816) 221-3660

l. and m. See response to Question No. 13 and 13j., above.

14. a. and b. See the attached agreement, work order, invoice, manifests and document entitled "DS SHIPPED on 1/18/95" for information pertaining to oil that may have been shipped to the Sites.

c. No information responsive to this request was found.

d. No documents responsive to this request were found.

15. a. and b. See the attached agreement, work order, invoice, manifests and document entitled "DS SHIPPED on 1/18/85" for information pertaining to soil and debris that may have been shipped to the Sites.

- c. No information responsive to this request was found.
 - d. No documents responsive to this request were found.
16. Respondent's U. S. EPA Generator ID No. for its Columbus, Ohio facility was OH1170090004. High Voltage Maintenance Corporation's U. S. EPA Transporter ID No. and Facility ID No. for its facility at 5100 Energy Drive, Dayton, Ohio was OHD004483210.
17. No persons, information or documents have been identified.

- HAZARDOUS WASTE HAULING & DISPOSAL CONTRACT

This Agreement is entered into this 10TH day of SEPTEMBER, 1984, Rockwell International Corporation, a Delaware Corporation, acting through its North American Aircraft Operations (herein called "Rockwell" and HIGH VOLTAGE MAINTENANCE CORP., 5100 ENERGY DR., DAYTON OH 45414 herein called "Contractor."

Rockwell and Contractor hereby agree that Contractor shall remove and dispose of the below described waste material in accordance with the following terms and conditions.

1. Waste Material: The term "waste material" as used herein shall mean the materials set forth on Exhibit A attached hereto and made a part hereof, as further described on the manifest covering each transaction hereunder.
2. Pickup and Removal: Contractor agrees to transport the above described waste material from Rockwell's plant at 4300 East Fifth Avenue, Columbus, Ohio 43216. Disposal of the above material to be in a manner permitted by law at the disposal facility shown on the manifest. CONTRACTOR shall load material on Contractor's truck.
3. Terms of Agreement: The term of this agreement shall be 3 month(s) commencing on OCTOBER 1, 1984 and ending on DECEMBER 31, 1984. Either party may terminate this agreement by thirty (30) days prior written notice on the other party.
4. Payment: Rockwell shall pay Contractor the disposal charge designated in Exhibit A for waste material removed and disposed of by Contractor in accordance with the terms and conditions of this agreement. Payment terms shall be as set forth in Exhibit A, but in no event shall Rockwell pay Contractor prior to return of properly executed manifest.
5. Precautions: Contractor shall perform its services herein in a careful and workmanlike manner. Contractor agrees to utilize all reasonable precautions in the handling, transportation and disposal of materials so as to avoid injuries to persons and damage to property.
6. Compliance with Laws and Regulations: Parties shall comply with all requirements of all federal, state and local laws, rules, regulations and ordinances applicable to the services performed under this agreement. Contractor further agrees to comply with reasonable rules and regulations, including safety standards, adopted by Rockwell for observance at Rockwell's premises.

7. Permits: Contractor shall furnish Rockwell with copies of all permits and other documents which are required under federal, state and local laws, rules, regulations and ordinances for the removal and disposal of the waste material.
8. Title to Materials Removed: Rockwell's waste material will be transferred to Contractor and delivered loaded on Contractor's vehicle F.O.B. Rockwell's Plant, and title, risk of loss and all other incidents of ownership to said waste materials shall transfer from Rockwell and vest in Contractor.

In the event waste materials are discovered to be non-conforming, Contractor may revoke its acceptance of the materials. A justified revocation of acceptance shall operate to re-vest title, risk of loss and all other incidents or ownership in Rockwell, at the time revocation is communicated to Rockwell. Waste materials shall be considered non-conforming for purposes of this agreement: (1) if they contain constituents or have characteristics or properties not fairly disclosed in the materials description; and (2) the designated disposal facility is not designed or permitted to dispose of materials with such undisclosed constituents, characteristics or properties.

Waste materials discovered by Contractor to be non-conforming, if they are in Contractor's possession, shall be held by the Contractor for a reasonable time after communication or notice of revocation to Rockwell awaiting Rockwell's instructions.

9. Independent Contractor: At all times herein Contractor shall be considered an independent contractor. Contractor agrees that it will conduct itself consistent with such status, that it will neither hold itself out as nor claim to be an employee or agent of Rockwell by reason of this agreement.
10. Indemnity: Contractor shall indemnify, defend and hold harmless Rockwell from and against all claims, liability, losses, damages, and expenses of every character whatsoever, including court costs and attorney's fees for injuries, including death, at any time resulting therefrom sustained by employees of Contractor, employees of Rockwell, or any other persons, and for damage to property, contamination of or adverse effects on the environment and any violation of governmental laws, regulations or orders, resulting from, arising out of, incidental to, or in any manner whatsoever connected with the performance of the work by Contractor under this agreement, except those claims, liabilities, losses, damages and expenses occasioned by the sole and active negligence of Rockwell.

Rockwell agrees to indemnify, save harmless and defend the Contractor from and against any and all liabilities, claims, penalties, forfeitures,

suits, and the costs and expenses incident thereto, (including costs of defense, settlement and reasonable attorneys' fees), which it may hereafter incur, become responsible for or pay out as a result of death or bodily injuries to any person, destruction or damage to any property, contamination of or adverse effects on the environment, or any violation of governmental laws, regulations or orders, caused, in whole or in part, by (1) Rockwell's breach or any term or provision of this agreement; or (2) any negligent act or willful act or omission of Rockwell, its employees or subcontractors in the performance of this agreement.

11. Insurance: Contractor shall carry, at its expense, the following insurance coverage:

COVERAGE

LIMITS:

Workmen's Compensation	Statutory
Employer's Liability	\$300,000 each occurrence
Public Liability	\$5,000,000 combines
(bodily injury) & (property damage)	Single limit
Comprehensive Automobile Liability	Not less than \$1,000,000
Insurance for owned, non owned	Limit for bodily injury &
& Hired Motor Vehicles	property damage

12. Excuse of Performance: The performance of this agreement, except for the payment of money for services already rendered, may be suspended by either party in the event the delivery of the described waste materials by Rockwell or transportation or disposal of such materials by Contractor are prevented by a cause or causes beyond the reasonable control of such party. Such causes shall include, but not be limited to, acts of God, acts of war, riot, fire, explosion, accident, flood, or sabotage; lack of adequate fuel, power, raw materials, labor or transportation facilities; governmental laws, regulations, requirements, orders or actions; breakage or failure of machinery or apparatus; national defense requirements; injunctions or restraining orders; labor trouble, strike, lockout or injunction (provided that neither party shall be required to settle a labor dispute against its own best judgement).

13. Waiver: Waiver by Rockwell of any default by Contractor shall not be construed as a general waiver, but as a specific waiver applying only to the default waived, and shall not preclude Rockwell from any rights or remedies in respect of any default theretofor occurring which has not been waived or any default occurring thereafter.

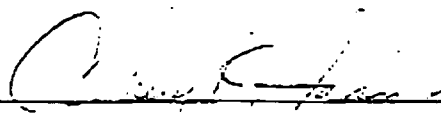

14. Notice: Any notice or order provided for in this Agreement shall be considered as having been given (i) to Rockwell if mailed to Rockwell International Corporation, North American Aircraft Operations, P.O. BOX 1259 - COLS., OHIO 43216 or (ii) to Contractor if mailed to HIGH VOLTAGE MAINTENANCE CORP.
P.O. BOX 1452, DAYTON, OHIO 45414

14059.

15. Law to Apply: The validity, interpretation and performance of this agreement shall be governed and construed in accordance with the laws of the state where Rockwell's plant hereunder is located.
16. Entire Agreement: This agreement represents the entire understanding and agreement between the parties hereto relating to the transportation, storage, treatment, processing and disposal of the described waste materials and supersedes any and all prior agreements, whether written or oral, that may exist between the parties regarding same and supersedes any and all terms and conditions which may be contained in any purchase orders, issued by Rockwell prior to or subsequent to this agreement.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed by their duly authorized representatives as of the day and year first above written.
